

Aerosolutions Carbon Remover

Aerosolutions Carbon Remover is unlike any industrial degreaser on the market. Its superior degreasing power comes from a patented ingredient that safely lifts grease from any surface without the use of solvents. It easily removes petroleum-based oils, vegetable and animal fats, along with dirt, protein, soils and more.

Aerosolutions Interior Cleaner*

Aerosolutions Interior Cleaner is a USDA-registered cleaner, detergent, deodorizer, fungicide, virucide and mildewstat. Aerosolutions Interior Cleaner can be used in passenger and employee areas, seating, rest rooms, walls, doors, handles, flooring anywhere dirt and germs build up.

Barracuda 10K

Barracuda 10K is not only the most potent concrete stripper in the world, it is also the safest. Independent tests confirm that Barracuda 10K dissolves nearly 15% more concrete than hydrochloric acid. Still, that potency comes with a triple zero HMIS score, which makes our concrete stripper safe on skin, safe for you equipment and safe to store anywhere you wish.

Barracuda Blaster*

Barracuda Blaster is a super fast tile and grout cleaner that aggressively removes dirt, mildew, mold, soap scum, rust stains, calcium and lime build up from any surface. Barracuda Blaster also removes mineral and hard water stains from windows, mirrors, and all glass surfaces along with mortar residue from tile, stone and metal surfaces.

Blow Out Cleaner & Descaler

Blow Out Cleaner & Descaler is the most aggressive line cleaner and descaler ever developed. Independent tests confirm that our patented SynTech®, the world's only synthetic acid, dissolves nearly 15% more calcium than Muriatic (hydrochloric) acid. Still, all that potency comes with a triple-zero Hazardous Material Index Score.

Crystal Clean Laundry Detergent*

Crystal Clean Laundry Detergent is a USDA-registered detergent that acts as a deodorizer, fungicide, virucide and mildewstat. Crystal Clean Laundry Detergent can be safely used on a fabrics variety of and is safe for use by those with multiple chemical sensitivity (MCS)

CIA is a direct distributor of EMS, Environmental Solutions, LLC, EMS is the manufacturer of all products marketed by CIA and listed on our website. EMS carries all U.S. related certifications, approvals and registration of the individual product. Cleanse It All does not assert that we maintain any U.S. related designations for any products marketed or listed on our website. Please reference the EMS website for any and all U.S. related designations for each product in question: www.crescendocorporation.in

Envirosafe Masonry Cleaner

Envirosafe Masonry Cleaner is not only the strongest masonry cleaner in world, it is also the safest. Independent tests confirm that Envirosafe Masonry Cleaner dissolves more calcium carbonate and effervescence than Muriatic (Hydrochloric) or phosphoric acid.

Fortis*

Fortis safely encapsulates and lifts petroleum-based oils, vegetable and animal fats, along with dirt, soils and grime without emulsifying. This Power, combined with no detectable BOD limits and COD limits below 100, means that it will not create additional problems in waste water runoff.

Omni

Omni combines the maximum power of our patented synthetic acid system, detergents and degreasers in the same product. The result provides the descaling power of an acid, the cleaning power of a caustic and the degreasing power of a solvent-all in a harmless concentrated liquid. Omni can be used to safely clean and surface. It eliminates a multitude of dangerous products required to achieve similar results.

SynClean HD

Our patented cleaner/degreaser is entirely free of solvents and butyls, yet it instantly lifts away animal, vegetable, and petroleum-based fats and grease. It also safely removes stains caused by proteins from any surface. This product is also available in a low foaming version (Syn-Clean LF) ideal for carpet cleaners, rotary machines, and parts Cleaners.

Torque Super Duty Truck Wash & Wax

Torque Super Duty Truck Wash & Wax combines the best cleaners, degreasers, brighteners and protectants along with the right amount of our patented SynTech, the world's only synthetic acid, to offer the best over-road-truck was available.

Xtreme*

Xtreme is a colorless, odorless broad spectrum deodorizer and detergent. Tested and proven to kill bacteria, fungus and viruses, Xtreme can be used on porous and non-porous hard surfaces in food processing facilities, homes, hotels, restaurants, school, day care facilities, offices, kennels, exercise facilities, beauty shops, public transportation vehicles, locker rooms, kitchens and rest rooms.

Waste Hauler Wash & Wax

Waste Hauler Wash & Wax is the only cleaner approved by industry giants Mack, Volvo, Oshkosh and McNeilus. We clean, brighten, deodorize, condition and protect without the use of harmful acids or solvents.

*This product contains an active microbial agent, which works as a broad spectrum deodorizer and detergent.

A WAY TO CLEAN THAT'S BETTER FOR YOU AND THE ENVIRONMENT

Simply put, you cannot buy a safer product for your personnel, equipment, and the environment.

The goal at “**Cleanse It All**” is to provide safe solutions to replace the harsh and dangerous acids, solvents, and caustics so prevalent in the world of industrial cleaners. “**Cleanse It All**” strive to revolutionize the cleaning process in dozens of industries around the world with potent, **environmentally-friendly cleansing products**.

“Cleanse It All” formulations share a remarkable trait; they all carry a triple zero Hazardous Materials Information System score and are 100% biodegradable per OECD and Hach Reactor method guidelines - meeting or exceeding stringent Direct Release Guidelines for 10 days biodegradation. In fact, “Cleanse It All” products, even those that exceed hydrochloric acid in strength, are non-regulated by the D.O.T., TDG, IMO and IATA. And as such, “Cleanse It All” products are classified as non-fuming, non-skin irritant, non-corrosive, non-mutagenic, and exceed OSHA inhalation requirements (29 CFR 1910.1200). They also show no potential for the generation of carbon dioxide under NIOSH 7903, OSHA & ACGIH testing protocols.

The products have earned USDA authorizations codes A1, A2, A3, A4, A7, A8, C1, C2, G6 and G7. This means you can have the power of SynTech, the world's only synthetic acid, working for you in food processing, preparation, and serving areas, among others. “Cleanse It All” products are regarded by the FDA as safe (GRAS), (CGMP) CFR 184.1923.

These formulations also exceed DEP restrictions regulating NPDES (National Pollutant Discharge Elimination Systems). This means you can safely allow “Cleanse It All” products and effluent to drain directly into the ground or sewer.

GREEN CLEANING

Creates cleaner, safer, healthier buildings and contributes to occupant health and productivity – all of which result in financial savings. Products that have little to no impact on indoor air quality have been shown to improve the health and productivity of both building occupants and janitorial staff. United State Green Building Council, implementing green products helps reduce absenteeism and health care costs, and improves worker productivity, which then leads to increased profitability– all of which result in financial savings.

'Cleanse It All' products are technologically superior to other cleansers on the market. Incredible cleaning power combined with stringent approvals from the FDA, DOT, USDA and leading equipment manufacturers make our products unique in the marketplace.

BENEFITS:

- Patented and powerful technology works on the toughest cleaning assignments
- Triple zero Hazardous Materials Information System score
- 100% biodegradable
- Meets the stringent direct release guidelines for 10 day biodegradation
- Non-regulated by the D.O.T., TDG, IMO and IATA
- Non-fuming, non-skin irritant, non-corrosive, non-mutagenic
- Exceed OSHA inhalation requirement (29 CFR 1910.1200)
- No potential for the generation of carbon dioxide under NIOSH 7903, OSHA & ACGIH testing protocol
- Meets USDA authorizations codes A1, A2, A3, A4, A7, A8, C1, C2, G6 and G7
- Exceeds DEP restrictions regulating NPDES (National Pollutant Discharge Elimination Systems)
- FDA approved as safe (GRAS), (CGMP) CFR 184.1923.
- Many of our products are approved by the U.S. Military
- Torque truck washes are guaranteed by Mack & Volvo trucks to not void your paint warranty
- Free of dyes, perfumes and preservatives

ADVANTAGES:

- Patented and powerful technology works on the toughest cleaning assignments
- Potential cost savings by complying with environmental regulations or avoiding fines
- Protecting your workforce from harsh chemicals may increase days worked, reduce Worker's Compensation Claims, and improve employee moral
- Protecting your equipment from harsh chemicals may increase useful life and reduce repair costs
- Potentially eliminates the need for expensive post-cleaning water catchment systems
- Reduces the environmental impact of cleaning solutions
- Potential cost savings by using highly concentrated solutions that allow for dilution of the product to suit specific tasks
- Improves productivity by eliminating tedious and time-consuming multi-step cleaning processes
- Keeps your equipment in top condition
- Generate positive public perception by implementing environmentally friendly practices
